## Overview

---

The Miss Brenda Lee is a fine example of a low hour Sea Ray 510. She has been meticulously maintained by a local captain since her arrival to south Florida three years ago.

She boasts two staterooms and two heads. The midship master is full beam with an en suite head and shower. The VIP forward also has its own head and shower. Both staterooms have flat screen tv's and DVD players.

The lower atrium style salon/galley allows natural light to filter into an ample seating area. Opposite is a well equipped galley and flat screen tv with Bose surround sound.

The upper salon features leather seating surrounding a large table. The helm area is forward of a wet bar with yet another tv.

The aft cockpit area features a large seating area with teak table, ice maker and grill. This area is protected by a retractable electric sunshade. There is also a lounge area on the bow with reclining cushions.

She is powered by reliable Cummins engines coupled to Zeus drives. The joystick control makes dockside maneuvering a joy. An Onan generator supplies power while underway.
