Deck Material: Fiberglass

Hull Configuration: Catamaran

Hull Color: white

Hull Finish: Aluminum

Engine Information

Engines: 2

Manufacturer: Isuzu

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Engines

Newer Twin Isuzu Diesel 6-cylinder engines with approximately 700 hours. (Replaced original gas Mercs).

Both port and starboard starters and raw water impellers were replaced 11/2019. New 4D batteries replaced 12/2019.

VESSEL WALKTHROUGH

Boarding from the aft cockpit you can access the twin Isuzu Diesel engines through hatches in the cockpit, enter the aft salon sliding doors into the salon or take the ladder to the top deck. Inside there is a large open carpeted salon with the updated galley to amidships port and the updated head to amidships starboard. The main stateroom is through the head to starboard forward. The main stateroom has a queen bed. The galley has newer upper and lower cabinets, laminate counters, a full size refrigerator/freezer, stainless steel double sink, microwave, and 3-burner LP gas oven/stove. Moving through the galley port forward you enter the lower helm with a crew berth below the pilothouse helm and a separate twin berth. A forward hatch takes you to the upper helm covered with a hardtop over a newer helm seat. All upper helm controls were removed when the gas engines were retrofitted to Isuzu diesels. The upper deck has two 25-gallon propane tanks, a large grill, davit with 2016 motor, and the Coleman Mach AC unit. All stanchions were rebbed with 5200 and the decks appear solid.

Testimonials

“A breed of mind-blowingly clever powerboats. One of the most prominent was the Carri-Craft Cruis-Ader, a big fiberglass cruiser with a pontoon-boat pedigree. Featured in Playboy, Argosy and Life, with a list of owners that included Robert Redford and Burt Reynolds.” - BOATING
