Overview

NEW ARRIVAL-GRAND BANKS 42 CLASSIC

AN ICONIC BOAT that needs no introduction, the Grand Banks 42 is easily the most successful trawler design ever produced. Although called a trawler, the Grand Banks does not have a trawler hull. Rather, she rides on a semi-displacement hull with a tall bow, hard chines, and a full keel which gives her a moderate 4'2" of draft. One of the most desirable features of the Grand Banks 42 is her roomy full teak interior.

- ***FREE AT LAST*** is powered by twin 140hp, 4-cylinder two-stroke Detroit Diesel's Model 4-53. She has approximate range of 1200 miles at 8 knots.
- ***Only 600 hours since major rebuild on both engines, all records available.***
- Current owners purchased her in *2010* and have completed numerous updates since taking ownership.
- Her side and deck teak have been removed and she features a light tan AWLGRIP painted non-skid surface. Fly bridge deck remains teak. Additional update information listed below.
