## WALKTHROUGH

Wild Goose has a fiberglass swim platform with a ladder to access the Sundeck. Her Sundeck has privacy panels and is large enough to seat six comfortably with 6' 2" of headroom. Her flybridge also will seat six with a helm chair and L-shaped settee. Visibility is excellent with a good line of sight astern when backing into a slip. New Bimini w/ full enclosure makes this area very comfortable while underway. Wild Goose has two separate staterooms, each with in-suite electric heads and the entire vessel is climate controlled, thanks to the two 15k A/Cs. Her Galley is midship and is well equipped with Norcold refrig/freezer / watermaker / dual stage water filtration system / Ice maker / Electric stove-oven / Microwave / deep stainless sink. Wild Goose has a large dinette right next to her galley that converts to a semi-private sleeping area for a couple of extra guests. Access to her engine room is excellent. The entire cabin sole is easily removed with separate hatches. There is also an access door behind the steps that connect the salon to the galley/dinette area.
