SPECIFICATIONS

Overview

**AVAILABLE FOR LEASE **

This MARLOW PROWLER 375 CLASSIC is a high-tech, high-quality yacht with the timeless lines of a commuter or picnic boat. With its sleek profile and fighting lady yellow color the look is stunning. Its two-foot draft and 33 knot speed give you the ability to run to the Bahamas or other thin-water cruising grounds quickly and comfortably. The cockpit is innovative, with plenty of seating. The salon is large and open, with a queen berth on center line forward. A fresh approach from a first-rate builder, the PROWLER is perfect for a couple cruising for a long weekend.

 - Raymarine CPT120
 - Raymarine 4kW Magnum 4' open array
 - Raymarine EV200 Autopilot
 - Raymarine Ray90/AIS700 bundle
 - Raymarine multifunctional instrument display I70S

Accomodations

It takes a special kind of person to desire a top of the line yacht – he/she not only wants extraordinary engineering innovation, originality and vision, just as the important is the doggedness and character of the builder to see it through. The search is over ladies and gentlemen, this Marlow Prowler is one you'll be telling your grandkids about. The Marlow Prowler, a sinuous blend of beauty, performance and utility all contributing to form an enduring style you won't be able to resist. At a price you won't believe. When you own a Marlow Prowler you own what yachtsmen everywhere recognize as the finest piece of marine real estate there is.

You own more than a boat. You own a reputation. Convinced yet, skeptical one? Don't be. We don't try to pretend that better cosmetics are true innovations. We don't know of another builder who has come close to the quality of material and workmanship

Prowler represents. Our proprietary RIVET system of production elevates composite yacht building to a level unknown by all but a few builders worldwide. We have no competition in workmanship, construction method, quality of materials or price. Whether harbor hopping in New England, sunset cruising along the Gulf shore or lunching on Bimini, the Marlow Prowler will show you off at your best.

- Berth, Queen, Centerline forward
- Two Hanging locker with lined cedar wood
- Mattress, 6" foam, variable density
- Beveled Mirrors, with teak frame
- Head /Shower
- Exhaust blower, 12 volt
- Grohe faucet and shower

Construction

Prowler Yachts are built at Norsemen Shipyard along side the Marlow Explorer RaisedPilothouse Series, perhaps the most advanced yacht building factory on earth. Norsemen Shipyard is an environmentally conscious facility featuring the very best in advanced tools and machinery, computer systems and a talented workforce trained by some of the top master yacht builders in the world in every department. Due to the advanced construction techniques pioneered and proven by the Marlow Explorer Series, we are able to offer the interior and cockpit volume of a much larger yacht. This complex tooling and production method rids the yacht of space-robbing heavy wooden framing commonly seen. Replaced by composite sandwiches similar to high performance aircraft, racing yachts and race cars, the technique allows far greater interior volume while producing a much stronger and lower maintenance yacht. Cat-like performance, highly advanced technology and the finest attention to detail have created another benchmark for excellence from Marlow Yachts that others could only attempt to emulate.

- Boot stripe, painted Awl-Grip
- Cabin soles and bulkheads, foam-FRP high pressure resin infused
- Epoxy barrier undercoat, three coat International system
- Gel-coated fiberglass exterior
- Vacuum bagged and modified epoxy resin infused fiberglass construction

- Corcell foam cored hull
