Accommodations

Total Cabins: 3

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Volvo

Model: D-9A2D

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

The 52' Voyager is considered Carver's flagship motor yacht. The factory hard top, recessed cabin windows, Euro styling and gleaming stainless steel set her apart from the crowd. It is evident this very low hour boat has been pampered and continually upgraded. The vessel just benefited from a major trip to the boatyard in 2019. A few of the many upgrades included a 1,000 hour engine service, new Garmin electronics package, all new interior soft goods, new exterior furnishings, bottom job and hull wax.

Standing dockside, it is apparent that the vessel is detailed weekly. The hull and stainless shine. All caulking is white. All canvas is clean and all decks are clear of clutter. The vessel is easily boarded from the water by the large hydraulic TNT swim platform.

The swim platform features a built in dive ladder and new tender chocks in 2019. There are also convenient transom storage lockers along with a transom gate for access to the aft cockpit deck. The aft deck boasts a new pedestal table with four teak chairs in 2019. There are also molded in fiberglass boarding steps along the gunwale, overhead and deck courtesy lights, and non skid sole along with a deck hatch for access to the engine room.

A large stainless steel framed sliding door with tinted windows provides quick access to the cozy salon. When entering the salon to port you will immediately see the entertainment center. There is a new LG flatscreen TV in 2019, new KVH satellite receiver, new SAT stereo receiver and additional audio equipment. Forward to port is a lounge chair with ottoman and storage cabinets below the galley bar. Across to the starboard salon is a large L-shaped leather settee with seating for six along with a built in recliner. All lighting was upgraded to LEDs in 2019. Forward of the settee are numerous cabinets and storage bins.

Forward port salon features a well equipped galley. Some highlights include Corian counter tops, double stainless steel sink, stainless microwave oven, Nova Cool refrigerator and freezer, Princess stove and a wood laminate sole.

The starboard companionway up to the raised pilothouse provides access to the AC and DC distribution panels. All companionways benefit from new carpet runners in 2019.

The pilothouse is like having a second salon. This area allows for 360 degree view underway and easily accommodates six adults. There is a sliding door to starboard for quick access to the side deck and bow. Other pilothouse features include new Garmin chartplotter and VHF in 2019, new window covers, 2nd flat screen TV, and a staircase up to the flybridge.

Six steps up from the salon is the spacious flybridge. The hard top and full strataglass enclosure allows for this area to be air conditioned. The port side helm station features a new Garmin chartplotter in 2019. The Captain and Crew will enjoy the unobstructed 360 degree view of their voyage. A double Lebroc helm chair provides the captain and mate with a comfy vantage point with a wealth of mechanical and navigation aides at arms length. Across to port is the wet bar with sink, ice maker, and large lounge cushion. Interior sunshades protect the seating and helm from the sun's rays. Aft of the helm station is a u-shaped lounge and pedestal table with seating for eight adults. The aft flybridge deck has a deck hatch for quick access to the cockpit. Other highlights include new deck storage box with cushion, wrap around stainless steel rails and a non skid fiberglass sole.

Forward of the pilothouse six steps down is the forward companionway with access to all three staterooms and dayhead. Immediately to port is the master stateroom. The beam to beam stateroom is truly large for the size of vessel. When entering you will see the raised vanity with two doors for access to the head and shower and tub stall. The large master bed is surrounded by abundant storage lockers and drawers. Other appointments include washer and dryer, tall closet with mirror, recessed lighting, and a new 36" TV and SAT phone in 2019.

Across to starboard is the day head with separate shower stall. There is a second door in the head for a private entrance from the VIP stateroom.

The 2nd guest stateroom consists of over/under single berths. There is a new flat screen TV with DVD player in 2019. Other items include reading lights, port hole, hanging closet, two drawers and recessed lighting.

The VIP stateroom is all the way forward. The raised island queen berth just received all new bedding and soft goods. Features include deck hatch, port holes, 2 hanging lockers, reading lights, new flatscreen TV with DVD player in 2019 and a separate door to the guest head.

The forward deck can be reached from the cockpit on the side decks. Non skid decks and stainless steel handrails allow for safe passage forward. The pilothouse starboard side sliding door also allows for quick access to the forward deck. Forward deck features include Maxwell windlass, two in deck storage lockers, wrap around stainless steel rails, and a new bow lounge cushion in 2019.

Galley and Laundry

- Malber clothes washer and dryer

- Built in central vac system
- Raritan ice maker on Flybridge
- Nova Cool refrigerator and freezer
- Double burner Princess stove top
- LG stainless steel microwave oven with built in coffee maker
- Double stainless steel sink with stainless faucet
- Exhaust fan
- 2 GFI outlets
- Corian countertops
- 2 wine glass racks
- 3 drawers
- 14 cabinets
- Laminate wood sole
- Pure water filtration
- 6 accent lights
- Built in garbage bin
