DETAILED INFORMATION

Introduction

NorthStar II is an amazing Offshore 62 Flushdeck model. Her comfortable accommodation boasts 4 staterooms (1 King, 2 Queens and a bunk cabin). The 3 VIP cabins all have ensuite heads with the master containing a Jacuzzi tub/shower and steam. She also has the desired full height engine room. Her owner is meticulous. In all these areas, only the finest: -Interior carpentry details are smart, well thought out and beautiful. -Mechanical. CAT C-15's (1970 hours) ABT Stabilizers, ABT bow/stern thruster. FCI H2O maker - Navigation. Extensive and high quality equipment with redundancy. In today's yacht market, condition and care of the yacht takes front and center stage. Northstar II is at the front in all aspects.

Recent Upgrades and Improvements

The demanding and detail oriented owner of North Star II not only maintains his yacht to the highest standards in all categories, but in 2019 and 2020 had initiated improvements and additions in all of the important maintenance and cruising comfort categories.

With consideration to improvements in paint, batteries, underwater maintenance, electronics, machinery, interior soft goods, varnish and numerous exterior details, you can be sure that every need and then some has been addressed aboard North Star II. Yes, many of these updates were of necessity, but equally as many improvements were elective on the part of the owner just to create the ideal living and cruising environment for all aboard the vessel.

For a detailed list of recent improvements, please contact the listing broker for details.

Construction - General

- Hand laminated bidirectional fiberglass reinforced with vacuum bagged core cell in hull & structural areas above the waterline
- Uni-directional laminates @ engine stringers & hull door openings
- Double laminations @ chine, keel & running hardware locations
- Four full length longitudinal engine stringers & athwartship reinforcing stringers as per design
- Cored 1 1/4" main bulkheads padded @ hull & bonded
- Hull to deck connection mechanically fastened & bonded
- Vinyl ester hull laminate for osmosis protection
