## Overview

---

The Pershing 62 immediately grabs the attention for its sleek and slender profile: the hull line and the superstructure have indeed been designed to obtain a slim, fast yacht characterized by aggressive lines and a sporty personality, also thanks to the unique shape of the hull glazing. These windows in the hull are a typical feature in Pershing's new era, which can now be found in this model too, preserving the family feeling and ensuring great brightness in the full-beam master cabin located amidships. The VIP cabin too benefits from two windows with portholes, providing plenty of natural light. The Pershing 62 is available in two versions: with three cabins and three heads with separate shower box or with two cabins - the master stateroom and the VIP cabin - while the guest cabin is replaced by a living area.

## Basic Information

---
