## Vessel Walkthrough

---

LIBERATION accommodates six guests in three staterooms all with private baths and accessed by a forward stairway. The master stateroom is full beam with a centerline king berth and is located amidship. She features a full beam elegant his and her marble bath. The VIP stateroom is forward with centerline queen berth and the twin guest stateroom is to port. The two twin beds have a filler to convert to an additional king bed. Down an aft stairway or through the transom door is an entrance to the crew quarters with Captain's double berth cabin and the crew cabin with upper and lower berths each with their own private head and shower. The Captain's berth is also able to be converted to a king depending on crew needs.

The main deck interior is an open arrangement that gives a feeling of spaciousness and elegance. Rich, dark granite open galley and bar tops are complemented by a high gloss finished, cherry wood accented with burlled maple joinery counters and tables throughout.

Forward of the galley is a large u-shaped dinette lounge in a home kitchen style arrangement. Across from the galley to starboard is the interior stairway up to the sky
