Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 4

Manufacturer: Yamaha

Model: XTO Offshore

Engine Type: Outboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Walk Through

Renegade is powered with Quad Yamaha 425 HP Outboard Engines painted in white. The boat has top speeds in the low 60 with bottom paint. She has Yamahas Helm master with SET POINT for easy docking.

Starting from the transom, Renegade a large transom seating that tucks away when not in use. To port, guests can step aboard easily as the dive door swings in and locks in place. There is also a fold out ladder that deploys for those sandbar days.

There is plenty of storage all around the cockpit. Access to the generator is easy to get to from the center lined deck hatch or by lifting the cockpit steps leading to the upper helm area. On starboard side, you will locate the Glendenning which deploys electrically under the gunwale. Under port gunwale is a dockside freshwater inlet and a fresh and raw water wash down. Just forward of that to steps are a hot and cold water washdown.

The Helm seat is an electric forward and aft bench, with seating for two adults. It sits on a fiberglass base that has a foot rest, outlet and pocket doors expose a pull-out trash bin and a refrigerator. The upper cockpit deck has A/C that can cool this entire area on sunny days. To Portside, guests will enjoy a large L shaped seating.

The helm console has all the latest electronics; Dual Garmin chart plotters, autopilot, VHF, bow thruster controls, spotlight, FLIR Night vision, radar, horn, throttles and joystick control for ease of handling.

Her glass windshield and the hard enclosure keeps the rain away while keeping the area well air conditioned for guests.

Walking down into the cabin you will notice the spacious cabin with plenty of headroom. To starboard is the galley with wood gloss veneer cabinets, refrigerator and freezer, Corian countertops, hideaway sink, single burner stove top, and a microwave in the cabinet.

To forward, there is a large v shaped settee with a hi low table to match the cabinets. With a touch of a button the table drops down to act as a filler. There is dedicated storage for the filler cushion to pop right in and make this a large bed.

On the port-side is the head, with a separate shower and cabinets to match the galley. To Located midship port side is the master stateroom and matching guest stateroom on starboard side

The fact that you can get from point A to point B in double the speed of traditional inboard, pod, or sterndrive packages make Renegade the ideal vessel for boaters who short on time but still want to enjoy the Bahamas. There really is no other model that can give you so much out of one boat.
