SPECIFICATIONS

Overview

The Sanlorenzo SL86 was designed to optimize and maximize all spaces, while enriching the interior areas with natural light. The sheer line amid ship is cut to let the enlarged side windows catch as much light as possible, allowing guests enjoy the view even while sitting in the salon. The new 27-meter motoryacht is an Officina Italian Design collaboration, its innovative features are set to establish a new standard for the entire Sanlorenzo range of planing hull yachts. The bow is now a living space with sofas, table, sunbathing cushions, and a removable sail cover awning. Up top, the flybridge is expanded into a generous sunbathing and entertaining area, thanks to a tender garage at the transom and hydraulic lift swim platform.

Basic Information

Category: Motor Yacht

Model Year: 2018

Year Built: 2018

Country: United States
