SPECIFICATIONS

Overview

Broker's Comments:

"Snark" is a fine example of the wing keel Catalina 28. A freshwater boat sailed on Lake Ontario, she is loaded with the features that cruisers will like. A reliable 18 hp diesel engine with low hours (680) and professionally maintained by marina staff. Sails are easily handled with the mainsail Dutchman system and Hood roller furling system on the 135% genoa. As an entry level boat or a great boat for downsizing to a daysailer with weekend accommodations, you can't go wrong with a Catalina 28.

'SNARK' is currently shrink wrapped for the winter and is stored outside. As weather permits, we will install an access door in the wrap so that more interior pictures may be taken.

We anticipate the boat will be ready for viewing after the 2nd week of Feb. Stay tuned to this listing for more images and video
