Bottom Paint and prop speed Oct 2019

Preliminary Specs & Pictures

Christina B is truly a one of a kind custom yacht with a rich contemporary feel. Her high quality finish and attractive detailing with fine cut thin Italian granite, supple leathers, hand-blown glass fixtures and built in furniture make her an Owners dream.

Christina B interior layout sleeps up to 8 guests in 4 staterooms, including a master suite, 1 VIP stateroom, and 2 double cabins. She is also capable of carrying up to 5 crew onboard to ensure a relaxed luxury yacht experience. Timeless styling, beautiful furnishings and sumptuous seating feature throughout her living areas to create an elegant and comfortable atmosphere.

Christina B impressive leisure and entertainment facilities make her the ideal charter yacht for socializing and entertaining with family and friends. This custom semi-displacement yacht is equipped with an ultra-modern stabilization system which reduces roll motion effect and results in a smoother more enjoyable cruising experience. She features 'at anchor stabilizers' which work at zero speed to increase on board comfort at anchor and on rough waters. Christina B is capable of 18 knots flat out, with a cruising speed of 14 knots from her 4,000- fuel tanks.

Christina B is loaded with every amenity possible as the previous owners have used her as a second home throughout their ownership period. She has a 4 stateroom layout with an optional 5th master on deck, massive fly-Bridge, jacuzzi, garage, hydraulic swim platform, and zero speed stabilizers.

Hull Color: Navy Blue

Engine Information

Engines: 2

Manufacturer: Caterpillar

Model: C32

DETAILED INFORMATION

Additional Specs, Equipment and Information:

Vessel Walk-Through

A video and intercom system placed on the dock adds to the security of boarding via a remote controlled passerelle or from cavalry steps.

All decks are covered with teak and many areas have an intricate design. There is a full walk around on the main deck which has a dining area aft and a large sun deck forward. The curved electric aft doors open to a salon with exquisite leather sofas and a Sodalite Blue granite wet bar. The dining room has a glass dining table for 6 people. The concealed 50 inch TV is on a lift and can swivel to either the salon or dining room. The chef is able to serve the meal at the appropriate time by watching the dining area on a video monitor in the galley. The day head is easily reached from all areas. The on deck master has a panoramic 180 degree view.

Comforts include an electric King Bed, with his & hers head with shower and Jacuzzi. The lower level has three suites including a large second master all with Queen sized beds, private ensuite bathrooms and walk-in closets. There is a massage room as well as a laundry room with an additional head. A total of 8 guests can be comfortably accommodated.

The Pilothouse has an excellent 180 degree visibility with a fully integrated glass bridge using five monitors which are all computer based with the latest software edition from Free Technics. In the event of any problems the monitoring system has a direct link to the Company in Holland. Two electric controlled STIDD chairs, joysticks for steering as well as for the bow and stern thrusters including a zero speed Trac Stabilizer and a wireless remote control for docking make the Captain responsibilities a lot easier. The Flybridge has a covered area over the helm station, dining area and bar. All countertops are made of Blue Bahia granite. A Jacuzzi is located aft as well as two sofas and cocktail tables. Stairs lead to a very private sun deck above the flybridge where there are three built-in lounges.

The garage houses extra refrigeration and space for a tender up to 19 foot. There is a built in Brownie air compressor for four dive tanks.

The crew area is entered from the main deck or garage via separate doors. Two cabins with two beds each have private ensuite heads. A small galley and dining area give the crew complete privacy.

The yacht is powered by two 1825hp Caterpillar C32 Acert engines with approximately 1831 hours. They are covered by a five year Caterpillar Extended World Platinum Warranties through July of 2017.

There are two Caterpillar C4.4 Generators 47 KVA with the same extended service contracts. Each generator can power the entire yacht. The engine room ventilation system is from Delta T.

A power converter from SAE Power allows the yacht to use shorepower from anywhere in the world. The Hamann Waste Management System and the Idromar watermaker allow the yacht to remain at sea for extended periods of time. MarineAir 180,000 BTU air conditioning system and under warranty keeps the yacht comfortable in all climates using 14 separate air handlers

The on deck master stateroom has a panoramic 180 degree view. Comforts include an electric King Bed, a His & Hers head with a shower and Jacuzzi. The lower level has three suites including a large second master all with Queen sized beds, private ensuite bathrooms and walk-in closets. There is a gym with treadmill, Stairmaster and assorted weights as well as a laundry room. A total of 8 guests can be comfortably accommodated.

- On-Deck Master Stateroom
- Zero Speed Stabilizers
- Cat engines with extended warranty Four stateroom layout with optional fifth
- Massive Fly-bridge with Jacuzzi
