The name Alaskan Yachts is one of the longest running names in the offshore classic cruising category, and a look that has been copied by numerous other builders in recent years. Back in the 60's, the Alaskan roots were established with the famous Defever 49 which still, to this day, enjoys a cult status among serious cruising families.

The 2011 70' Alaskan RPH Motor Yacht features C-18 Acert Caterpillar engines allowing a slow cruise range of 2,000 miles, yet the ability to have a top speed of **21 to 22** knots. The versatile floor plan has three large staterooms forward each with private head and a very large crew cabin aft.
