Manufacturer: Volvo Penta

Model: D60

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Technical Specifications

Layout and Accommodations

Boarding the vessel through the transom door from the swim platform, one is greeted with a spacious aft deck with teak sole. A built in settee across the stern provides seating and lounge space and just aft is a passerelle for boarding from astern as well as doubling as a dinghy lift. Fusion sound system with four JL Audio 10" Subwoofers, two JL Audio 8" Mid Range Speakers and two 6" JL Audio speakers all driven by two 600 watt amplifiers. The sound is incredible and allows for music to be enjoyed even underway!

Inside the cabin the salon is nicely balanced with a U-shaped settee with an electric hiro table to starboard and a built in settee with television behind to port. The U-shaped settee conveniently turns into a third sleeping area as a pull out double bed when needed. The salon also features a custom teak and holly wood floor with custom carpet runner as well.

The galley is down two steps and to port and has abundant cabinet space, separate refrigerator and freezer, stove top and microwave.

The guest stateroom is midship and to starboard and has two twin beds as well as hanging locker. The guest head has a vacuflush toilet as well as its own stall shower.

The master stateroom is forward and has a centerline double berth, dual hanging lockers and a private ensuite bath with vacuflush head and stall shower.
