## Overview

---

### True North Yachts are Back!

True North Yachts launched their first vessel, a True North 38, in 2001. Catalina Yachts, who have been building sailboats for the past 50 years, purchased True North Yachts last year, and have just re-introduced their first model, the True North 34 Outboard Express at the 2020 Miami Boat Show.

All of us at Canadian Yacht & Ship Brokers Inc., the marketing agent for Yachting Genesis, the Western Canadian importer for Catalina and True North Yachts, are very pleased to be able to now offer our favourite down east-styled powerboats.

True North Yachts will be available with single inboard Diesel engines in the TN34 and TN38. The TN34 Outboard Express is offered with twin outboards and we are eagerly anticipating the introduction of the True North 38 Outboard Express later this year!

The base price on the True North 34 Outboard Express is \$369,000.00 USD F.O.B. Florida.

Note: Some optional equipment is shown in the photo gallery.

## Manufacturer's Description

---

### True North 34 Outboard Express

This go-anywhere boat combines the timeless good looks, outstanding all-weather performance, spacious interior, and impeccable reputation that all True North boats are known for with the efficiency, speed, maneuverability, and shallow draft that twin 250 horsepower outboard motors provide.

### The Go-Anywhere, Do-Everything Boat

The accommodations plan is designed for adventurous people who want to experience nature – comfortably. The main living spaces (including galley) are all on one level, and connect seamlessly to the spacious cockpit in the stern. Warm and dry when it's rough, open and airy when it's not – you'll always have an intimate connection to your surroundings. Add in your adventure options, and there's no weekend you can't conquer.

### Social Boat

Boats can bring people together better than any other activity. Eating and socializing with friends and family is more than half the fun. All current True North owners agree that one of the most popular features of the boat's "open concept" interior is the "galley-up" configuration, and the Outboard Express is no different. Serious cooks love the large and well-equipped galley and everybody loves being up in the center of the action.

### Design Makes the Difference

The Outboard Express performs exceptionally well on flat water in fair weather. But its unique ability to handle rough weather and stormy sea conditions is one of the many elements that sets this boat apart. The sharp, plumb bow slices through the waves instead of pounding on top of them when the seas build. The hull's balanced displacement and flatter aft sections deliver a rock-solid ride in virtually all weather conditions. And since the hull design is inspired by boats that work all year long in all sorts of conditions, we can almost guarantee you won't miss a day on the water (or be stranded in port) when the weather takes a turn for the worst.

### Made in the USA

The True North 34 Outboard Express is built by highly experienced craftsmen in Largo, Florida, and is the brainchild of boat builders who have a distinguished record of helping

to create some of the most successful powerboats and sailboats of the last 25 years. The combined boat-building experience of the True North team is measured in hundreds of years and you can see the quality that only that kind of experience can produce in every boat we build. And we take requests! Some of our adventure options were ideas that our owners brought to us. If you find a new toy or a new way to stow a piece of gear, we'll engineer a solution that will make it easier to use.
