## Overview

---

Designed and equipped to rove the world's oceans. 'FREEDOM' combines the ability to sail the far corners of the earth with superlative standards of accommodation and construction. Built of steel by Lindsay Smith in Australia 1993, 'FREEDOM's' elegantly swept bow and gently sweeping sheer line encompass numerous modern features.

Priority was given to providing a classic teak interior that weaves luxury and style into a single concept. Because of her high freeboard, FREEDOM's internal volume is vast, and is most breathtakingly displayed in her full beam stateroom, and two huge saloons.
