SPECIFICATIONS

Overview

DALI is a pocket explorer yacht built on a steel hull with aggressive tugboat styling. The aft deck is large enough to serve as a generous beach. There is a minimalistic saloon with a modern interior and two spacious staterooms are situated on the lower deck. When you see DALI from the dock when she's moored stern to in a marina, her massive beam of 6.3m makes her look like a yacht of closer to 40m! Vast spaces are truly remarkable on the upper deck which hosts the tender with a custom built crane.

Another unique design from the pen of Riza Tansu, DALI is a yacht built for serious ocean cruising that is equally at home in the med where her safety and stability are in a class of their own.

KEY FEATURES:

- Pocket explorer 1,700nm range
- Vast open aft deck and upper deck spaces
- Detailed engine maintenance history
- Generator overhaul
- Excellent maintenance with many updated mechanical and electrical systems
