Overview

Primo Dan

With only 550 hours, Primo Dan is a spectacular family yacht capable of rough open water cruising in comfort, style, and safety. She was personally designed by her owners Daniela and Sandro with no detail spared. With their years of sailing experience, they were part of the build, visiting Shipyard Abati in Rosignano Tuscany Italy every other weekend throughout the process, updating and approving the project step by step.

She boasts 4 luxurious en suite, tall cabins, with plenty of room for the entire family and friends, including a walk in closet in the master. The Woman designed kitchen makes her very functional, yet elegant as well. All systems and furnishings were chosen by Daniela and Sandro, from safety and navigation gear, to teak interior and exterior touches, to propulsion and functionality.

“Owners Story”

My husband has been very involved in sailing since he was a teenager, and took first place in the European Regatta championship in 1994. His three children showed very little interest in sailing, or in the regatta, so we made the choice to switch to a motor Yacht so the entire family would enjoy the sailing experience, as he has growing up. We chose the Shipyard Abati Yacht and traveled to Rosignano Tuscany Italy, every other weekend to follow the fully custom construction of Primo Dan. She was built with all our love and care, to be our love nest at Sea.

Once complete, we sailed the Mediterranean Sea, from Genova to Portofino, Cinque Terre, La Spezia and West to Saint Tropez. She is a very dry boat, with very little roll, even in rough seas.

Our children are now living their own lives, and show little interested in spending time at sea. I have since had serious eye surgery, and can no longer safely assist Sandro with our sailing adventures with the enjoyment we once shared. We have made the tough decision to sell our beloved Primo Dan, passing it on to a family who can enjoy her, and all the happiness she has to offer. This is our wish, to find people who will fall in love with her, and make amazing memories of a lifetime with friends and family.
