SPECIFICATIONS

Overview

"Chloe" is a fine example of the BRISTOL 31.1, designed by Hood Design Group. Built in 1984, this centerboard design provides an exceptionally low draft of 3'6" when retracted and 7' when lowered, making it particularly suited to New England waters. She is also powered by a simple, but dependable Universal, 2 cylinder, 18hp diesel. Chloe was winterized and carefully shrink wrapped in the fall of 2016 pending its owner's future use, but due to a change of plans, the boat is to be sold. She is currently stored at our yard and looking for a new owner to enjoy this fine classic. In an effort to sell this boat before the winter, the owners have lowered the price quite substantially. This is a quality well kept vessel at a very attractive price.

Basic Information

Model Year: 1984

Year Built: 1984

Country: United States

Dimensions

LOA: 31' 0" (9.45m)

LWL: 24' 8" (7.52m)
