SPECIFICATIONS

Overview

This one owner model is well cared for with the seller moving up to a larger boat. Both the head sail and main are roller furling for ease of handling. The canvas is top quality and in excellent condition. The B&G Electronics are full function and installed tastefully at the helm with the radar array and antennas installed on a stern pole. All this along with a custom canvas cover and frame for winter storage is a good value for the next owner. Call to see her today in Sales Tax free RI.

Fuel Type: Diesel

DETAILED INFORMATION

Manufacturer Provided Description

The Catalina 315 sails into the global marketplace with all the style and refinement of the larger Catalina 5 Series boats.

With core attributes of the award-winning 445 and 355, the 315 includes features that are not found in many of the world's yachts, yet come standard with the Catalina 5 Series: a watertight StrikeZone collision bulkhead, the SecureSocket mast support system that affords superior load resolution and watertight integrity; the DeepDefense rudder system for failsafe steering, and the T-Beam MastStep structure that has all the benefits of a deck-stepped mast and the strength of a keel-stepped mast.

All the best elements of the 5 Series Catalinas are replicated in the 315. You'll find a bold emphasis on strength, lead keels, sleek low profile cabin design, ergonomically correct cockpits that are optimized for efficiency, with great visibility from the helm. Plus, all the classic warmth and ambience that only a teak interior creates.
