Manufacturers Provided Description

The Azimut 40 Motorcruiser is a 12.75-metre boat with a 4.05-metre maximum beam. AZIMUT BOATS: All Azimut vessels are built using advanced construction materials, including special laminates with bi-axial and tri-axial glass fiber matting to ensure maximum strength with minimum weight, and the latest generation of isophthalic polyester resins to protect against osmosis. Azimut backs this up with a 5-year guarantee against osmosis and structural breakdown, accompanied by an engine manufacturer's 5-year guarantee. The yard pays painstaking attention to interior detail and furnishings. Azimut quality has been recognized by the receipt of the quality certification rating ISO 9001, a certification gained after passing the highly demanding series of tests and checks required by the authorities established in this area.
