SPECIFICATIONS

Overview

The seller is motivated to make this the next one sold. An excellent family boat, Hunter redesigned this boat with a larger cockpit, new deck plan, spacious improvements below and a harder chine below the waterline. The improvements make her easy handling, better access to sailing controls, wider side decks and a better performer. This example is well optioned and clean with a new price reduction. Call to see her today in Sales Tax free RI while you are here for the boat show!

Design Description

Manufacturer Provided Description

Taking its celebrated hull design from the proven running bottoms of its larger 41- and 44-foot sisterships, the Hunter 33 imparts the best in performance without compromising one inch of interior space, resulting in a top-of-the-line midsize cruiser that has it all. The deck of the Hunter 33 features an entertainment-ready cockpit with a drop-leaf table, surrounded by plenty of built-in seating for friends and family. The Hunter 33 is the ultimate cruiser in its size range, featuring world-class accommodations that are second to none. The aft master stateroom features a spacious double berth and abundant storage, while the forward cabin offers privacy for another couple. The Hunter 33's salon offers expansive seating, a drop-down table and a navigation station. An easy-maintenance fiberglass head wraps up the outstanding Hunter 33 package.

Manufacturer Provided Description

The Award-Winning Hunter 33 is a stunning New sailing yacht. Hunter's signature window line gives this yacht the sleek feel of the latest Hunters, but the improvements don't end there. The hull design has been improved, featuring a wider beam further aft as well as a more profound bow hollow. The result of this hull design is a longer dynamic waterline, which means more speed. The deck features a sleek, modern profile with large side windows allowing for increased interior light. The deck hatches are flush-mount, offering an enhanced look that complements the new profile. Lengthening the cockpit has allowed the new Hunter 33 to have a cockpit that is longer than its predecessor. The cockpit of the Hunter 33 also features a fold-down swim platform that extends the already lengthy cockpit when folded down while the boat is docked or at anchor.

Extending the cockpit allows for a larger master aft cabin that features more headroom. Overall, the interior has been enhanced with a richer look and feel. Enhancements start at the sole of the interior which features a hardwood flooring look that accentuates the true beauty of the Hunter 33's interior. Corian galley countertops feature complementing stainless steel fiddles that not only

keep items from falling off the countertops in a seaway but also serve as excellent hand holds when moving about below. The interior wood used for the bulkheads as well as cabinet doors has been rotated 90 degrees so that the wood grain runs horizontally instead of vertically. Not only does this add a crisp modern touch to the interior, it also gives the eye the impression of a larger interior space.

The salon features several intelligent enhancements. To starboard, the comfortable settee features a center section that easily flips up to create a convenient chart table. The beauty of this system is its robust design...and no moving parts to wear out! To port, the elegant dinette sports Hunter's unique Easy Lift system. With a few simple cranks, the dinette table lowers to form the base of a double sleeper sofa. Above, near the overhead, Hunter has thoughtfully provided flat, fiddle-protected cabinet tops that supply even more storage space.
