## Overview

---

The price has been drastically reduced to sell this spring. This popular cruiser/racer is clean and well equipped.

Cal Yachts have a terrific performance cruising reputation and are some of the most sought after sailboats in the world. They feature strong, solid fiberglass hull construction and are very competitive in ocean racing.

The 1988 & 1989, C. Raymond Hunt Design Cal 39's are not at all like the earlier Lapworth Design Cal 39's (which are fine boats in their own right). This Cal more closely resembles the current Sabre 402 in it's over-all quality construction and accoutrements, design concept, interior layout and contemporary lines. Its new owner will experience superb sailing performance, a powerful sail plan, a fast and competent hull and roomy below deck livability that will rival many a larger boat.

She was built in 1988 within the last two years of production and therefore is one of the newer Cal Yachts available. She shows well with a clean, well-kept interior. The woodwork is extensive and in good condition, nice joinery with a hand-rubbed feel to it. The hull is solid glass and has great lines. The deck is wide, easy to walk and packed with upgraded performance gear like (6) heavy duty self-tailing winches, (6) sails, (6) instrument display heads and an oversized wheel. Nothing is spared in cruising comfort either: dodger, bimini, autopilot, chartplotter, radar, life raft and davits.

Ask about a 50% discounted slip at an upscale RI marina for new customers. Keep in mind that there is no sales or use tax for vessels berthed in RI. She is also close to 2 international shipping terminals. Please contact the listing broker for an appointment to see her and more information about slip discounts. Please see full specifications for additional information and photos.
