SPECIFICATIONS

Overview

In M'Ocean is a well maintained and clean diesel Sundancer with only 725 hours on her 3116 Caterpillar Engines, and the generator (new in 2014) has only 100 hours use. A rare diesel find up north, she comes with the slip paid for 2019. Just listed September 15 and photos are current.

Her quality construction and Sea Ray appointments make this Diesel 380 an outstanding value. She has the lighter optional maple interior with an up-scale decor, private bow stateroom, built-in entertainment center, 10 ft salon sofa that converts to a berth and lots of storage. The large mid-stateroom lounge converts electrically to a double berth.

The large galley features a full sized refrigerator, ample cabinetry and counter space. The spacious head has a VacuFlush toilet, vanity and a separate shower. 2 zone A/C/Heat system keeps the crew comfortable and the 7.5 KW Generator (new in 2014 with 100 hrs.) powers everything while cruising. The spacious cockpit has wrap around seating, full wet bar with ice maker, a table to seat 6 and lots of outside storage. Raytheon electronics package. Powered by twin 315HP Cat 3126 diesels with only 725 hours she will cruise at 28 MPH with a 23 GPR burn rate and top out at 36MPH.

Ask about the possibility of a 50% discount for slip and storage in 2020 at an upscale RI marina and keep in mind that RI does not charge sales or use taxes for vessels berthed in the state. Everything works, she is well maintained, clean and ready to cruise. Why buy new?
