SPECIFICATIONS

Overview

This avant-garde 49-metre superyacht is based on a Fast Displacement Hull Form engineered in the Netherlands by Van Oossanen. Deliverable in just two years, with elegant yet sporty exterior styling, she packs a punch in terms of performance, aesthetics and onboard features. The combination of aluminium and Sealium alloys for the construction ensures a light, robust and easy to maintain vessel. When paired with a Hull Vane for maximum stability and efficiency, she boasts a top speed of 17 / 23 knots and transatlantic range. Onboard features include six luxurious guest cabins, two fixed balconies in the master stateroom, whisper-quiet propulsion, a touch-and-go helipad, and optional Bentley Home interior design. She is the perfect yacht for cruising the Seven Seas in style.
