# DETAILED INFORMATION

---

## General Summary

---

Light gray hull and white cap and white cushions. White rub rail with stainless strike plate and black boot stripe and bottom paint. Factory hardtop with brushed aluminum supports and grab rails. Marlin tower upper station with black removable or fold-down lace less canvas buggy top and FBG control box, also cushioned bench seat / backrest. Two radio antennas on fold down mounts. LED running lights mounted on hardtop. Tower was built by Pipe Designs, Miami. Non-skid, self-draining decks.

- Lee sidewinder outriggers, aluminum poles
- Frigid rigid on-deck insulated coffin box with divider, storage fish box beneath, under deck with macerator pump
- Transom live well, approx. 70 gallons, with seachest supplied pump
- 26 gunnel flush-mounted SeaVee rod holders
- Transom walk-through door
- Armstrong dive ladder
- Fortress aluminum anchor with 500' of three-eighths inch nylon rode secured inside top-opening hatch
- Three electric reel plug outlets under gunnels, 2 aft, 1 forward
- Helm bench seat with fold-up storage beneath cushion
- Fold-down aluminum footrest
- Five rod holders and 4 stainless steel drink holders on top of helm seat console
- The back side of this console has a fold down FBG rigging table and below three tackle drawers and four racks for Plano-style tackle cases behind latching doors
- Beneath the console is a starboard tray on rollers with a Frigid Rigid cooler with bottle opener and cushion top (when pulled out a nice trolling seat)
- Both helms have a white Richie magnetic compass and Edson three-spoke helm wheels with cheater knobs (upper wheel is black / lower chrome)
- A three sided poly-carb enclosure is from the hardtop down to the console
- The hardtop is shaped to allow rod storage on the console sides and there are eight rod holders on each side plus a stainless drink holder to either side of the forward bench seat.
- Underneath the hardtop is an aluminum grab rail and the aft edge of the hardtop has 6 more rod holders, plus there are two more on the backside of the tower seat.
- Freshwater and Saltwater washdown spigots are near mid-ship with rack for coil hoses
- Under gunnel LED lights, changeable-color cockpit?
- Forward LED spreader light from hardtop
- Pop up chrome cleats on the gunnel top
- Approximately 2 years ago bottom was soda blasted and barrier coated then

bottom painted - boat had been kept in the water until November 2019, when it was moved to storage on land. March 18, 2020 after a bottom job boat was relocated to Ft. Lauderdale and is in the water available for showings.

---
