SPECIFICATIONS

Overview

With a production run spanning two decades, the F-36 was one of Trojan's most popular models. Lift kept and repowered in 2006 with twin Mercruiser MX 6.2L MPI engines, Duck Blind is a great example of this popular boat and features many upgrades including, Garman touch screen chart plotter, 32" flat screen TV, flybridge hardtop with full enclosure, generator, electric marine head w/Raritan MSD, carpets and blinds ... the list goes on! Her current owners have moved on to a larger boat, so Duck Blind is available and ready to take her next owners out for a good time on the water. She's an ideal boat for fishing, water sports and cruising the Chesapeake and beyond.

TROJAN F-36 | DUCK BLIND | WALKTHROUGH

DECKS: Boarding the boat at the cockpit, via the transom door or port/starboard boarding ladder, the large cockpit deck offers plenty of room for fishing, entertaining and watersports. A teak swim platform is found at the stern along with stainless steel tender davits with winch system. A transom mounted stainless steel Windline boarding handle is stowed under the stern gunwale, which can double to hold shore power lines and hoses off the deck. Five rod holders are mounted in the gunwale. Two hawseholes with cleats beneath are also top mounted in the gunwale port and starboard at the

stern. Electrical hookup is found on the starboard side forward along with a throw ring. Opposite on the port side forward a saltwater washdown spigot and hose are found next to the ladder leading to the flybridge. Two deck hatches provide access to the generator and steering gear. Forward of the cockpit the salon is entered through a sliding door mounted in a floor to ceiling glass wall. Moving forward the side decks and foredeck are protected by a wrap around stainless steel rail. A roller mounted Danforth anchor is found at the bow along with an electric windless and two cleats. A rail mounted Jack Staff and a mount for a search light are also found at the bow. Four fender holders are mounted on the starboard side rail, mid deck. Three opening hatches are found on the foredeck with tank fills and midship cleats found on the side decks. A hailer horn and steaming light are mounted on the forward flybridge coaming with outriggers side mounted on the cabin, port and starboard, aft. A dual airhorn is found on flybridge coaming starboard side along with the VHF antenna. A radar arch above the flybridge accommodates a second VHF antenna and a cockpit light.

FLYBRIDGE: The flybridge, accessed by a port side ladder from the cockpit, extends the full width of the salon below and includes seating for five. The helm is center mounted and features a stainless wheel, a complete set of controls, Garmin chart plotter, VHF radio, and PA/hailer system. A coaming topped by a stainless steel rail and wind shield wraps around the forward and side sections of the flybridge with a stainless steel handrail wrapping around the aft section. Captain and mate's chairs are found behind the helm with a bench seat for 3 forward of the helm. The fly bridge is protected from the elements by a hard top with LED lights and full enclosure canvas with isinglass.

SALON: The Salon is entered from the cockpit through sliding glass door set in a floor to ceiling glass wall and features a newly carpeted deck, teak paneling, and large windows w/blinds and valances providing 360 degree views. Seating is provided by a leather sofa along the port side and folding chairs on the starboard. The folding dual leaf teak table mounted on the starboard side can be moved around the salon or onto the cockpit along with the folding chairs. The galley is found forward on the port side, with the helm located on the starboard side. The staterooms and head are accessed through a companionway located between the galley and helm. Overhead you'll find seven rod & reel holders to port with a 28" fold down flat screen TV mounted on the starboard side. Storage is provided by lockers with sliding doors, inset along the port and starboard sides of the salon and underneath the sofa seat.

GALLEY: The galley is located one step down, in the forward port section of the salon and features a parquet deck, large 6.5 cu.ft. refrigerator freezer, three burner electric stove/oven with cutting board & stainless cover, a microwave oven and a stainless steel sink with hot and cold running water. Storage is found under the sink/counter, under the stove and in an over counter locker with sliding doors. One step down between the galley and helm, a newly carpeted, teak paneled companionway leads to the staterooms and head.

STARBOARD STATEROOM: The private starboard stateroom is entered from the companionway and features a folding door, newly carpeted deck and two over/under single berths on the starboard side. Storage is provided by a hanging locker with shelf atop on the forward bulkhead port side and a bedside table with three drawers on the aft bulkhead port side. There is a fixed window with sliding blind on the starboard side

above the top bunk and an overhead hatch w/screen center mounted next to the forward bulkhead. On the aft bulkhead a 120 vac outlet is mounted next to the bedside table, with a mirror mounted above the table and an AC return located above the top bunk. FORWARD STATEROOM: The private forward stateroom is entered from the companionway and features a newly carpeted deck and a v-berth w/insert accommodating two. Shelves run along the port and starboard sides of the v-berth with additional storage drawers found underneath and in a hanging locker with shelf atop on the aft bulkhead starboard side. Mounted on the aft bulkhead port side you'll find a magazine rack and the AC/Heat control panel. Anchor locker access is found on the forward bulkhead. Ventilation is provided by a overhead hatch w/screen and AC register. There is a 120 vac outlet on both sides of the berth and two overhead 12 vdc lights. HEAD: The private head is entered from the companionway on the port side of the boat. It features a composite counter top along the port side with a stainless steel sink and hot and cold running water. Mounted above the sink is a storage locker with mirrored doors and a shelf atop. A fixed window with sliding blind is found above the cabinet, with a hatch w/screen mounted overhead. A 120 vac outlet, fan and sump pump controls are mounted above the counter and under the cabinet on the left. A soap dispenser is mounted on the forward bulkhead next to the sink and towel rack is mounted on the aft bulkhead above the Vetus Toilet. Controls for the head and the Raritan system are found under the counter on the left side along with a drawer and toilet paper holder. Additional storage is found in a locker under the counter on the right side. The separate shower with bench seat is found right of of the countertop and features a folding door, shower wand with hot and cold running water, towel rack, soap holder, 12 vdc light and toiletry holder. ENGINE ROOM: The engine room is located under the salon and is accessed through hatches in the salon floor deck. The generator is accessed through a hatch in the cockpit deck.
