SPECIFICATIONS

Overview

2004 Catalina 350 The Catalina 350 is a big, versatile cruiser built with time-tested methods and materials. Her cockpit and accommodations rival that found in most 40' cruising auxiliaries. Two private staterooms and a large salon are the result of her wide beam and nearly 6'9" headroom! On deck the ergonomic cockpit seating is deep and secure. The fixed cockpit table is perfect for entertaining. All control lines are led aft for added safety and ease of handling under sail. While at anchor you will delight with the walk-thru transom with swim platform and her over-sized, divided anchor locker. This fresh-water vessel is ready to take you to your favorite cruising grounds!
