Overview

The vessel is a GRP cruising yacht built by ISA shipyard Italy in 2005 with accommodation for 10+ guests and 6 crew. The vessel was the first in a series of the semi custom 120 yachts built by the ISA yard. The vessel has been maintained in RINA class and considerable upgrades to the Vessel's audio visual system have been made.

The ISA project became operational in 2001, the aim being to unite under one flag, two neighbouring Shipyards located in the industrial area of the Port of Ancona. company specializes in the design and construction of 30-1001n large luxury motor yachts made of steel, aluminium and composite material (fiberglass), The company claims a strong asset and capital base.

The vessels have been very well designed for the intended service as Mediterranean based luxury yachts that would appeal to the charter market. The vessel has been maintained in RINA commercial class` but is registered Cayman Islands pleasure The interior upgrades of the AV system and the quality of the interior finish adds greatly to the vessel's value.

- 12 underwater lights Lumishore with sensor music with panel control lights
- Installed 2012 TRAC 370 Zero Speed and underway Stabilizers
- Crestron system throughout the yacht
