SPECIFICATIONS

Overview

This 39' Silverton Motor Yacht is powered by reliable twin turbo charged Cummins Diesel engines. The 39' is notable for a very spacious interior. Highlights include: generous head room with two Staterooms and two Heads and a nice size Salon and Galley. Master stateroom has a queen size berth. Guest stateroom has a double berth. Both Heads have stall showers. Raised walkways from the bow to the Bridge. Full beam Deck House with truly expansive dimensions. Extended swim platform, aft Deck hardtop and Bridge seating for eight make this a good family friendly boat!

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

The 39's low profile and wide stance make for an excellent ride. They also open up the dimensions of the interior to a level of creature comforts expected on much larger yachts.

Abundant cherry wood trim and cabinetry creates a warm, inviting atmosphere. Those cabinet and stateroom doors aren't veneer-covered; they're solid wood.

The cherry is complemented by Ultra-leather upholstery in a pair of L-shaped seating areas on either side of the saloon. The settee to starboard converts to a double berth.

A dining area is located forward and to port. It features an adjustable table — again, crafted of solid cherry wood. There's a coffee table that normally serves the starboard seating area and lift out the two-piece top, flip it over and you'll find soft Ultra-leather cushions for extra seating.

The cherry wood motif continues into the galley, where it's accented with ample Corian-topped work spaces. The galley is open to the saloon, and the sole is real oak planking, with a high-gloss urethane finish. The galley features include a three-burner flush-top electric range, a coffeemaker, a large under-counter oven and a separate microwave/convection oven — along with a refrigerator that has a separate freezer compartment.

The saloon area has a considerable amount of glass on three sides, which fills it with natural light. All of the opening windows throughout the boat are fitted with screens, as is the companionway to the cabin. On those days when it's just too nice to use the boat's three air-conditioning units, you can let in the fresh air.

The 39 Motor Yacht makes optimum use of every available inch to provide ample storage space. There's storage under the forward stateroom berth, fitted with a shelf. Lighted cedar-lined hanging lockers flank the stateroom's double berth, and the space gets natural light from the hatch above.

The master stateroom, abaft the saloon and a couple of steps down, also takes full advantage of every storage opportunity. The master has a queen-size berth and there are two large lockers on either side of a pair of drawers in its base.

A full-length hanging locker stretches from floor to ceiling, and there is a pair of half-length ones, as well. You'll even find a place for linens and cleaning supplies in the head.

There are two full heads on board the 39 Motor Yacht. The forward head, serving the guest stateroom, is spacious and it features a VacuFlush® head, separate shower stall,

power ventilation and air conditioning.

The master suite features a split head arrangement, with the shower in a separate compartment from the one that holds the VacuFlush® head and sink. Solid cherry raised-panel doors add a touch of elegance.

The flybridge has seating for three at the centerline helm position. Each place has armrests, and the driver's seat adjusts fore and aft. A flip-up bolster allows the captain to stand up at the wheel for maximum visibility — and this includes sightlines to the stern corners for docking.

Bench seating for seven around the helm forms a U-shape along the aft half of the flybridge, with a break for the stairway down to the aft deck.

The aft level has a built-in bench seat that takes up no floor space, because it's bumped out over the stern. There is a table and chairs for alfresco dining, and it's served by a wet bar to starboard.

A full canvas enclosure surrounds the flybridge and the aft deck, yet it doesn't separate the two spaces. The hardtop above the aft deck breaks short of the flybridge, so the crowd below can converse with the crowd above.

The 39 offers two boarding options, depending on tidal conditions or the height of your dock. There's high access from starboard at the aft deck level; as well as low access from the swim platform

Broker Comments

Ready to cruise or use as a vacation home. Located in Daytona Beach in Halifax
Harbor, the city's best live-aboard permitted marina. Very clean and well maintained.
Walk to restaurants and shops on South Beach street. She's in a great slip that any
new owner can keep if desired.

Boat Location

Halifax Harbor Marina

450 Basin St., Daytona Beach, FL 32114
