The Prestige 550s expands on the concept of coupé motor yachts that began with the successful Prestige 500 s.

The concept of the coupé motor yacht revisited by prestige features a large living space designed entirely on a single level, with a wide opening door to the cockpit and large opening roof.

This conflation is ideal for cruising in any latitudes, and, contrary to classic express motor yachts, it will provide the added benefit of perfectly comfortable cruising in any weather conditions.

Exclusions

Owner's personal belongings.
