## Overview

---

### Preliminary Listing.

### Professional photos and walk through video coming soon.

Here is a unique opportunity to buy the only Millennium Super Yacht currently on the market. World renowned for building high quality, strong, yet light weight super yachts, Millennium has built yachts up to 140' that cruise seventy knots. With a honeycomb infused hull design for strength, and weight considerations, much of the interior was designed the same way.

Just one step into the main salon of this enchanting machine, and you will notice magnificent finishings, and breathtaking views. A large salon and dining area are full beam making this space feel like a much larger yacht. An on deck master with a two hundred and seventy degree view and private office is awaiting forward.

Below deck, you will find three additional guest cabins, all with their own en suite. The VIP cabin is full beam, and rivals a master cabin on most vessels in this size range. The crew quarters sleep six in three cabins, and are accessed separately from the aft of the vessel. There is a large tender garage under the aft deck, that doubles as a beach club.

There is so much aboard this yacht to fall in love with, including the expansive sun deck, a hidden candy locker in the main salon, and a dumb waiter to the galley. Come and see this spectacular vessel for yourself.
