SPECIFICATIONS

Overview

ILLUSION PLUS is the largest gigayacht ever to be produced in Asia.

Combining performance and comfort while offering long-range cruising capabilities of 5000 nautical miles at 15 knots.

This 6 deck yacht has benefited from private use since her 2018 launch.

Abundance of interior volume at 3,642 gross tons coupled with her unique propulsion system make her a truly unique gigayacht.

Pride worked closely with Rolls-Royce to create a diesel-electric system with Azipull thruster pods, she is ultra-efficient and quiet, without compromising her speed.

Her spacious interior is designed by Sinot Yacht Design and combines fine woods, rare natural stone and exclusive metals giving a luxurious, yet relaxed, feel which won her the Interior Design Award at the Monaco Yacht Show.

The main deck salon mezzanine feature allows the interior to be opened up creating a double-height atrium for perfect open-plan living, comfortable seating and a cinema screen while an elevator connects four of the six decks.

A noteworthy 860 square foot Owners suite is located on its own deck.

Additional standout features include a dedicated spa, beauty salon, gymnasium, two Jacuzzi pools and a touch-and-go helipad.

*Not offered for Sale of Charter to US residents whilst in US waters.
