SPECIFICATIONS

Overview

2017 DELTA 54 CARBON “NORSEMAN”

The only late model Delta 54 Carbon available in the USA. Constructed in carbon fiber, the 54 Carbon performs like a ski boat, with smooth, responsive steering and super tight turns. With her signature styling, the 54 turns heads both at sea and on the docks. The 54's versatile exterior perfectly complements her distinctly Scandinavian, impeccably finished interior.

**Small trades considered, financing options available.*
