Overview

***** Moisture Has Been Found In The Cross Beam Under The Mast by a Surveyor. The Survey is Available to Serious Buyers.*** The \$165,000 Price is the Survey Value AS IS!**

Chris White Designs Catamarans are among the most sought after catamarans. They are rare, fast, and striking in appearance. Chris White Design Catamarans feature innovative design, such as forward helm station and easy to handle sailing controls.

- New Yanmar Diesels (2104)
- New Sail Drives (2014)
- Newer Main and Jib
- 2 Piece "Stack Pack Style" Sail Cover (Turquoise)
- Solar Panels
- Watermaker

This example will be noticed in any anchorage and will sail circles around most catamarans. The easy to operate, daggerboard design is perfect for very fast upwind performance when lowered and shallow draft for getting the best pick for anchorage.

"Chris White's design is brilliant. Unlike all other catamaran designs I know of, Chris's Atlantic cats feature a waist-high cockpit forward of the pilot house and right behind the mast that you walk into from the pilot house through a full-size door. Catalyst's pilot house is the perfect complement to its forward cockpit. Now that I've been living in it for a while, I can say it is the best "room" I've ever owned, a combination of living room, study, office, observation perch, and (its designed functions) inside steering station and navigation station." – Sib Reppert aboard "Catalyst" in the S. Atlantic, June 2001

Basic Information

Category: Catamaran

Model Year: 1997

Year Built: 1997

Country: United States

Dimensions

LOA: 42' 0" (12.80m)

Beam: 23' 4" (7.11m)

Min Draft: 2' 8" (0.81m)
