SPECIFICATIONS

Overview

*This listing is available for virtual and in person tours, please contact the listing broker to schedule an appointment*RIVKY is available for inspection!Statements such as, "They don't build them like this anymore" help define Oyster 66/10. One of the very last Oyster's lofted in the traditional manner from the legendary lines of Humphrey's Yacht Design. The Oyster 66 is a yacht that in every way is overbuilt and meant to last for future generations. Already having proven herself on many ocean voyages this timeless passage maker is now ready to serve her next owners in every way imaginable.Oyster 66/10 is also not just any ordinary Oyster 66. Among many things, she is a best-in-class example of this proven design, 2012 Oyster Concours d'Elegance winner, American owned, never chartered and maintained with no expenses spared by only the very best boatyards and fulltime captains. In addition to all of the things you would expect a yacht of this caliber to come with, Oyster 66/10's original owners went one step further and included many thoughtful upgrades in the original build such as, watertight bulkheads.Furthermore, as if it's not enough that so much thought went into the construction of Oyster 66/10, her topside is painted in flag blue awlgrip, the toe rail is flawlessly varnished bright, there is a very desirable five cabin layout. HUGE cockpit with luxurious cushions and refrigerator, electrical davits, 50 HP tender, push button sailing at its finest and so much more!! Sparkling in every way this Oyster 66 is a must see example of Oyster's build quality.

Oyster Design Group

Engine Information

Engines: 1

Manufacturer: Perkins

Model: Sabre M225 Ti Turbo Charged

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Overview

MANUFACTURE'S DESCRIPTIONThe Oyster 66 has a low centre of gravity keel and a powerful sailplan. Cutter gear is standard, which allows for a useful choice of sail combinations depending on wind speed. A pair of jumper struts has eliminated the usual requirement for check stays on this type of rig, making handling even easier. The 66 has an unusually large cockpit with twin wheels and easy access to the aft deck. The helmsman is ideally positioned, with excellent visibility to sail and dock the yacht with many of the sail handling controls within easy reach. Careful optimization by the design team has produced a hull with a sleek outboard profile but with enough volume to allow full standing headroom under the cockpit floor. There is sufficient headroom within the deck saloon area for a workable installation of engine and machinery under the deck saloon floor. The combination of these features has allowed a centre-line passageway aft with two double or twin guest cabins port and starboard and a large owner's cabin, with its own companionway to the deck, aft. The galley, which is open to the saloon, is placed forward of the saloon at an unobtrusive lower level with plentiful counter space and stowage. Opposite to starboard, there is a comfortable settee forward and additional refrigeration and glassware storage. Forward, the Oyster 66 has two further twin and double cabins with their own head. One of these makes a first class guest cabin while the other is ideal for crew.

CONSTRUCTIONThe items in *italic* highlight the non-standard items added on at considerable expense during the ORIGINAL build program or added by the owner thereafter.

HullGRP hull and GRP/balsa sandwich deck molded to the designer's specification in a Lloyds' approved facility. Hull color: Flagship blue - painted at Hinckley (2006). Bottom stripped and epoxy-coated (2008).

KeelHigh performance bulb keel – lead casting bolted to GRP keel stub.

RudderFully protected skeg-hung rudder

DeckDeck saloonTeak-laid decks. Glued, not screwed.

Bulwarkfinished with teak cap rail

Stainless steel half round strip to outside of caprail

Stainless steel custom fairleads and 10 massive stainless cleats.

Watertight doors and bulkheads between sail locker and forward heads, and between saloon and forward cabins. Forward bulkhead in aft cabin also watertight with watertight door.

Lazarette with twin stainless steel gas struts. Painted white. Fuel stowage locker in the transom that drains external to bilge (3 certified USA plastic fuel cans retained by compartment walls and straps)

The cockpit is split into separate steering and guest/crew areas. Both cockpits have a clear central walkway through and between both wheels, giving excellent access from the companionway to the helm positions or to the aft decks.

Two rope tail lockers in guest cockpit.

Hot and cold water stern bathing/boarding platform trimmed with laid teak.

SteeringSteering is by a bullet-proof Whitlock Mamba drive steering system, installed with twin remote pedestals, each incorporating a 1m (39") diameter, destroyer type, stainless steel wheels wrapped in leather (2016). Drinks holder on each steering pedestal. Emergency tiller steering.

ACCOMMODATIONGeneral descriptionTen berths in five cabins, excluding saloons that can provide additional sleeping space. Interior joinery finished in American white oak. Modern coordinated styling to interior joinery including: sculpted fiddles and

grabrails, "shadowgap" joints between joinery panels, solid, shaped teak and stainless steel grab handles, Oyster custom knobs for lockers and drawers, and chequer-board veneered floor panels (Refinished 2015), Larger than standard Lower Saloon and Galley with bulkhead further forward. Headlining in off-white vinyl fabric. Upholstery in Alcantara color 'onion skin' in saloons navigation area and aft cabins. 'Porcelain blue' in forward cabins. Avonite surfaces to heads in Brazilian Blue. Reading lights to all berths. Lee cloths to all berths in canvas. Hooks to all shower stalls for hanging wet foul weather gear. Ocean Air combined flyscreens and blinds on all deck hatches except sail locker. Metal flyscreens on all opening hullports and coachroof ports. Soft flyscreens to opening deck saloon windows. (Seals replaced and new gas struts in 2013). Sliding flyscreens to both companionways. Custom wine glass rack; additional shelving in galley and forward cabin; trash bin (2008). Headboards reupholstered (2008).

From forward

-Sail Locker With a workbench and vice. Drawers and lockers for storage of spares and tools. Accessible from deck hatch and guest/crew heads. Folding stainless steel steps.

Guest/Crew Heads With Jabsco Electric Head, washbasin and separate shower stall. Steps to enable direct access from deck.

Port Guest/Crew Cabin To port with double berth, hanging locker. Additional pipe cot berth above fixed berth. Pocket door between cabins enables cabins to be separate or one large suite.

Starboard Guest/Crew Cabin To starboard with single berth, hanging locker. Additional pipe cot berth above fixed berth.

Galley To port features a spacious U-shaped area with twin stainless steel sinks, Avonite work surfaces in Gibraltar Grey with coved upstands. Plentiful lockers. Additional shelves to athwartships galley locker. Force 10 FT645PR gimballed cooker in stainless steel with 4 burners, grill and oven. Alpes Inox extractor hood, Stainless steel combination microwave/grill. Front opening fridge and freezer with double glacier bay doors. Charcoal filter to cold water tap. Electric mixer tap with manual fresh water hand pump as backup. Second freezer, optional refrigerator at the flip of a switch in lower saloon. Fisher Paykel Double Drawer Dishwasher

Lower Saloon To starboard of mast with full-length settee, bookcase, pantry and drinks locker. Settee can be used as full-length sea berth with lee cloth.

Raised Saloon Featuring a 4-sided wraparound blue leather settee to port surrounding a rectangular, expandable oak burr table with Avonite detail to provide comfortable dining for eight. Wine bottle storage in base.

Navigation Area In upper level to starboard with forward-facing chart table and dished seat, customized around the navigational equipment. Nav station electronics are flush mounted with navy blue, wrapped to match the blue leather throughout the boat. Drawers.

Oilskin Locker At forward end of aft passageway.

En Suite Heads To port adjoining port aft cabin. Jabsco Quiet flush fresh water flushing electric WC, washbasin and separate shower stall.

Port Aft Cabin With double berth. Hanging locker. Chart stowage and drawer under berth. Desk with upholstered stainless steel swing out seat.

Starboard Aft Cabin Two single bunks

Aft cabin With a double berth offset from the centerline, queen size bed, large hanging locker port and starboard, abundant drawer and locker space. Custom seating area done at Hinckley in 2008 with forward facing desk/vanity. Full length mirror with Avonite surround. The double berth is fitted with a high quality battening system beneath the mattresses for comfort, flexibility and ventilation (currently in storage. Private second entrance with oak treads on stainless steel supports giving access to the aft deck via a sliding hatch.

En Suite Heads To starboard with Jabsco Quiet flush fresh water flushing electric WC, washbasin and separate shower stall.

ENTERTAINMENT Entertainment electronics replaced in 2008 with all new TV's. KVH M7 World capable sat dish with two digital receivers. Cable TV socket at stern for shore hookup. Status powered TV antenna at masthead.

DVD storage racks at chart table and in lower saloon. Cockpit speakers renewed in 2013. Lynn Audio Control System in each cabin and upper salon. Bose surround sound speakers in upper salon. Each cabin has it's own speaker system controlled by the Lynn Playstation 3MX900 Universal remote control in upper salon.

DECK EQUIPMENT

Anchoring CQR 48kg (105lb) anchor with 120m (300') 12mm (1/2") chain. Fortress FX85 kedge anchor. Anchor stowage in sail locker. Backing Plate on Hawse Pipe 2008. Lewmar 3000 electric windlass with footswitches at bow and controls at port pedestal.

Hatches Lewmar Ocean alloy-framed deck hatches x 9. (2014) Gebo alloy-framed portlights in coaming.

Winches Lewmar Ocean winches - all self-tailing, chrome finish: 2 x 77 CEST 2-Speed Electric Primaries 2 x 58 CEST 2-Speed Electric Secondaries 1 x 58 CEST 2-Speed Electric Mainsheet 1 x 40 CST Main Traveller Control Line 1 x 58 CST 2-Speed Main Halyard 1 x 58 CST 2-Speed Genoa and Staysail Halyard

Davits Simpson Series 7 tall electric davits. Max load 300kg (661lb) on the pair (new 2008).

Deck Equipment – General Additional pair of stainless steel mooring cleats at aft deck. Dorade vents in stainless steel; painted 2008 Granny bars in stainless steel on either side of the mast. Additional stainless steel grab rails between deck and guest cockpit. Pushpit and pulpit seats in teak and stainless steel.
