DETAILED INFORMATION

Additional Specs, Equipment and Information

NEW TO MARKET!

Owners change of plans gives you the opportunity to own this beautiful 2006 Cobalt 232! This boat is powered by a single engine Volvo 5.7L GXI with low hours. She is available to be shown all year round, currently located in an indoor storage facility.

CALL TODAY FOR YOUR CHANCE TO OWN THIS BEAUTIFUL COBALT

232!!Manufacturer's Provided DescriptionIn its styling, in its attention to meticulous detail, in its maximized use of every last cubic inch of space, the 232 quietly celebrates traditional Cobalt virtues. In subtle ways -- the perfect double-stitching of the upholstery or the clean functionality of the instrumentation -- the 232 makes the case for classic touches done extremely well. At the same time the 232 explores new territory, most obviously at the stern where the cockpit has been extended a full 18 inches, over the motor box, where the seat bottom matches up to the sunpad in a fun-drenched acreage. The 232 sets up high alright, but her profile remains sleek and fast. Nothing boxy here, with an aggressive rake to the flat European windshield. Nothing new in Cobalts extravagant use of heavy stainless steel. And nothing stingy in this boats apportionment of room, room, and more room for storage and seating. The seats are a study in old and new themselves, with double-density foams for more solid comfort and an innovative five-degree tilt for improved weight distribution. So walk through your 232, run your hand over the textures of its fit and finish, smile, and know that you stand in the best of all possible worlds, half-way between yesterday and tomorrow.**Engine Notes**MerCruiser also available.**Disclaimer**The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel.
