SPECIFICATIONS

Overview

She offers accommodation for up to 8 guests at 4 cabins.

She is also capable of carrying up to 5 crews onboard at 3 cabins to ensure a relaxed luxury yacht experience.

The Tradition 100' series offers a range of 30 meters semi-displacement composite hulls whose classic and elegant forms are distinguished by large glazed spaces that ensure a light-filled interior.

The series features exterior design by Stefano Righini while the interior is the work of Francois Zuretti; a team which has proved successful for Benetti in its other semi-custom series.

For a yacht of its size, the Tradition 100' features generous exterior spaces and extreme emphasis has been placed on ensuring all the open-air space is utilised without compromising on style or performance.

Lalika features a semi-displacement grp hull and grp superstructure, with teak decks. She was built to ABS (American Bureau of Shipping) classification society rules.

Powered by 2 Caterpillar (C18) 1,000hp diesel engines and propelled by her twin screw propellers Motor yacht Lalika is capable of a top speed of 15 knots, and comfortably cruises at 13.2 knots. With her 20,000 litres fuel tanks she has a maximum range of 2,050 nautical miles at 10 knots. Her water tanks store around 4,500 litres of fresh water.

KEY FEATURES
