SPECIFICATIONS

Overview

Delta 26 Open 2018

The 26 Open by Scandinavian Delta Powerboats is the ultimate supertender. The lightweight and seaworthy hull design makes the 26 Open a fast, comfortable, and supremely capable work of art.

The 26 Open is also stiffer, stronger and lighter, allowing her to use smaller engines and drives, yet remain faster at cruise and top speeds than aluminum, steel or traditional GRP vessels. The design optimization yields impressive fuel economy at all speeds, without compromise
