SPECIFICATIONS

Overview

Look no further if you are serious about your fishing and appreciate the quality and craftsmanship that has become the trademark for Tiara. The 4100 Open is built on a beamy modified-V hull with a shallow keel and prop pockets to lower the shaft angles and reduce draft. Under the bridge deck is a full-size engine room with easy access thru cockpit. She has a spacious forward island-berth with plenty of storage and direct access to the head. Her galley has a full size refrigerator/freezer, microwave, 2-burner cook-top, double SS sink and over and under storage. Her spacious salon has a settee/dinette area, entertainment center and the main electrical panel. Her upper cockpit has a double-wide helm seat, L-shaped port lounge and icemaker. Her lower cockpit has all the fishing features you would expect in a Tiara including a tuna door, washdown, lockable rod storage, rod holder table, aft-facing seat and outriggers among others. She has a 9 kW genset and is powered by T 435-HP Caterpillar 3208's with 1180 hours. Check out the Full Specs and give us a call to see Break Away.

Basic Information

Category: Sport Fisherman

Model Year: 1997

Year Built: 1997

Country: United States
