13. COMMENTS

Full Moon is a yacht of rare distinction. She is the only Feadship of any size to be built as a waist deck explorer vessel providing easy tender launch and recovery without disruption to the owners and guests aft. Her range, driven by twin CAT 3412s, is a "go anywhere" 4,700 nautical miles. She's built to a Lloyd's 100 A1 Classification and can easily be brought into MCA class. Doug Sharp and Glade Johnson collaborated with Feadship to create one of the most beautiful and well-conceived vessels afloat.

Having just completed a comprehensive paint job, including hull, superstructure and bottom, at Rybovich April 2020, Full Moon is being offered on the market for a limited time while her 2 boat owner considers his cruising plans for the coming season. She is in immaculate turnkey condition and fully ready for her next adventure.

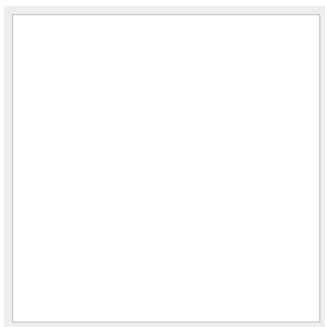

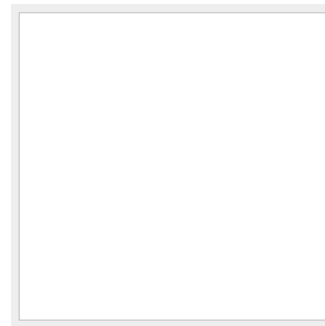

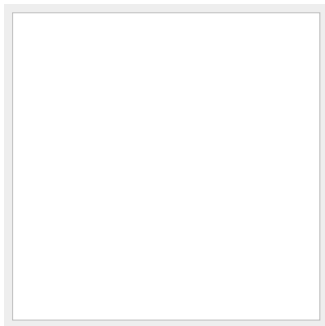

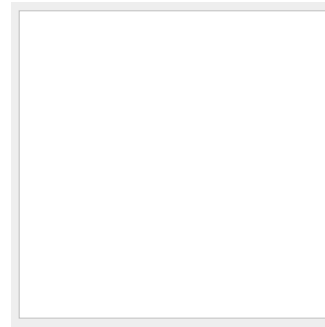

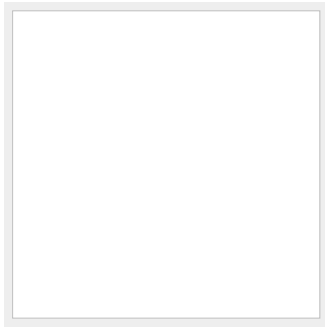

Exclusions

Owner's personal belongings.
