DETAILED INFORMATION

General Description

Sleek, sexy and fast, the 72-foot (22m) TOYZ 4 BOYZ turns heads wherever she goes.

This Pershing-built yacht boasts high performance and advanced propulsion. Equipped with two MTV 12V 2000 M93 engines, TOYZ 4 BOYZ has a top speed of 45 knots and a cruising speed of 40 knots, which makes her one of the fastest production yachts on the water.

Designed by Fulvio De Simoni, the motor yacht's interior is every bit as iconic as the boat itself. It showcases a contemporary styling utilizing a neutral color palette, light oak wood and Paltrona Frau leathers. Stepping aboard one will notice the designer's clear vision for entertaining. TOYZ 4 BOYZ's open plan salon is surrounded by expansive windows, which creates fantastic views that dazzle guests. Enhancing the on-water experience, the motor yacht features a fully retractable aft door and window that seamlessly blurs the lines between the salon and cockpit to create one great venue for entertaining.

TOYZ 4 BOYZ accommodates six guests in three well-appointed staterooms. The yacht's full-beam master stateroom has a spacious feeling thanks to large hull windows that fill the space with natural light. This stateroom is an oasis complete with a relaxing chaise lounge by the windows, an upgraded entertainment system and lovely en-suite mosaic bathroom. The motor yacht's additional staterooms include a VIP stateroom forward and a twin-bed stateroom to port — each guest stateroom features a full-size en-suite bath.

Motor yacht TOYZ 4 BOYZ features many upgrades, which add to the ultimate on-water Pershing experience. Upgrades include a water maker, diesel polishing system, slow speed diesel cooler, air-conditioned engine room and underfloor pantry, two toy inflators in the garage and additional underwater lights up that lead up to the master suite hull window, just to name a few.

SPECIFICATION
