SPECIFICATIONS

Overview

Sunreef has remained a trusted, iconic brand throughout the years, and their New Beginnings Range of catamarans is a perfect example of yacht design done right. The Sunreef 60 sets herself apart from any other catamaran in her class, with a fresh superstructure concept that maximizes her indoor and outdoor spaces.

I will guide you in customizing your Sunreef 60 with the perfect layout for your needs. I personally have visited the Sunreef shipyard and worked with clients through the custom-build process, aiding them in the design every step of the way. The next available production slot is hull #29, which is scheduled for handover in May of 2021. Contact me directly and we can start customizing your perfect catamaran.

Full pricing and option sheets available upon request.

Basic Information

Category: Catamaran

Model Year: 2021

Year Built: 2021

Country: Poland
