## Manufacturer Provided Description

*The 270CC continues our tradition of outstanding performance, function and style. In creating the 270 we listened to our customers and designed a boat for the toughest offshore conditions while maintaining the features needed for all day family fun and comfort. Storage was a key factor in the 270 design and we have utilized every square inch available. Improved fish ability with higher gunnels, larger fish boxes, more interior room and transom live well make the 270 the best laid out fishing platform on the market. Removable rear jump seats provide comfortable seating and when removed, easy access to the fish at the transom. The functional and stylish helm offers ample room for your larger electronics and multiple storage compartments for gear and equipment. For a design that fits your needs the 270 is available with a variety of leaning posts, helm seats, two rear seating options, and optional forward seating with removable table for those after dinner cruises.*
