Accommodations

Total Berths: 3

Sleeps: 6

Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Yanmar

Fuel Type: Diesel

DETAILED INFORMATION

Overview

The quality and timeless construction of REBOOT is visible from the dock. As you board from the swim platform, which features a 9' AB Rib tender, you will find a comfortable aft seating area. The enclosed cockpit/helm station has a well-designed helm, L-shaped settee, and wet bar. The cockpit/helm station can be raised to allow for excellent access to the engine room. A few steps down, the forward V-berth is open to the salon. On the starboard side is a dinette that converts into a double berth for when guests are onboard. Across from the dinette to port is the galley stove, sink, and microwave. The interior sole is teak and holly with a beautiful satin finish. With twin Hamilton Jet Drives she is well-suited for boating in the Pacific Northwest. Exceptional maneuverability and a shallow draft make operating seemingly effortless. The wide side decks and in-deck fishing boxes allow for a variety of activities while onboard. REBOOT has been upgraded to current standards and features all upgraded electronics and equipment. Critical upgrades include the full Hinckley Jet Stick Control System from the original analog IQAN 1.5 Linak Jet Stick system. With over \$350,000 of documented upgrades, this boat shows like new. The extensive care and maintenance will ensure you can go boating anytime for years to come.
