SPECIFICATIONS

Overview

TRAFALGAR was originally launched in 1975 by the Beykoz shipyard and since embarked on a long and successful career on the charter market, becoming the setting for much of the industry's great stories and also featuring in James Bond's "The Living Daylights".

Since falling into disrepair, she was sold and brought to the UK where the new Owner embarked on a four year rebuild to bring her back to her former glory. Now presenting in exceptional condition, TRAFALGAR is looking for a new Owner.

A true classic yacht, TRAFALGAR brings together exterior lines from the '70s with an elegant, homely interior including marking the most of natural light, unusual for a yacht of her age. Her main deck master stateroom and full beam VIP below provide the utmost guest comfort while three further staterooms bring the accommodation to 10 guests. Her open plan main saloon and informal dining promote an air of relaxed sophistication and these open up to the large cockpit aft. On the sundeck, guests have both a sheltered seating area forward before the expansive deck opens up to sun loungers and coffee tables aft.

TRAFALGAR presents the opportunity to purchase a modern classic, contemporary in taste and style with a rich history for a new Owner to add to.
