SPECIFICATIONS

Overview

The Catalina 36 is one of the most popular boats of this size with over 3,000 built between 1982-2006. The original version (MK I) was replaced in 1995 by the MK II which has a larger cockpit and a more roomy and comfortable quarter berth cabin. The Catalina 36 has wide side decks, double lifelines and a molded toe rail to easily move forward and do so more safely. The mainsheet traveler is mounted forward of the companionway and the halyards are led to winches at the companionway so everything is kept out of the cockpit. This Catalina 36 is rigged as a masthead sloop, tall rig with winged keel.

Basic Information

Category: Cruising Sailboat

Sub Category: Wing Keel

Model Year: 2001

Year Built: 2001

Country: United States

Coast Guard #: 1107093

Dimensions
