SPECIFICATIONS

Overview

The Freedom 45 has a free-standing mast and is a fractional rigged sloop with a self tending main and jib. All running rigging is lead aft through stoppers to large winches and can be easily handled by one person without leaving the cockpit. Hull volume and form stability combined with a fairly fine entry provide offshore carrying capability with out sacrificing sea kindly motion. The boat has a PHRF racing average handicap of 99/102. It has a hull speed of 7.86 kn. The F-45 structural design uses knit unidirectional E-glass reinforcements over a balsa core. SONRISE is priced well below market value due to some elevated moisture levels. Core samples have been taken and is deemed structurally sound.

3/10/20 Owner wants her sold \$5,000 PRICE REDUCTION!

Basic Information

Category: Racing Sailboat

Model Year: 1988

Year Built: 1988

Country: United States
