## Overview

---

**The Blue Star 29.9s look and price would make a Yankee lobsterman proud said** Capt. Stuart Reininger when he reviewed one for Power & MotorYacht in February 2000. She handles well in a sea. Her generous beam and skeg-protected, deep-V bottom contribute to her stability. Wooden touches throughout, such as the solid teak companionway steps and solid (not veneer) cabinetry are of matched, close-grained wood. The helm area layout is straightforward, with a captains seat, port side L-shaped seating and large analog instrumentation. There is a large cockpit with easy side deck access and aft facing seating. Below decks has a nice dinette/berth, compact galley, forward V-berth with filler and a vacu-flush head. She has trim tabs, good electronics and a nicely crafted teak swim platform. She is a comfortable day-tripper that can easily accommodate six, an overnighter for four, and a weekender for two. She is powered by T-250 HP Yanmars with 760 hours. Check out the Full Specs and call for an appointment to see her.

## Basic Information

---

**Category:** Cruiser

**Model Year:** 2000

**Year Built:** 2000

**Country:** United States

## Dimensions

---

**LOA:** 29' 9" (9.07m)

**LWL:** 25' 8" (7.82m)

**Beam:** 11' 3" (3.40m)

**Max Draft:** 2' 3" (0.69m)

**MFG Length:** 30' 0" (9.14m)

## Speed, Capacities and Weight

---

**Displacement:** 10600 Pounds

**Water Capacity:** 50 Gallons

**Fuel Capacity:** 200 Gallons
